

THE EUTAWVILLE FLIERS CLUB NEWS LETTER

AUGUST 2009

THE AUGUST MEETING WAS HELD AT THE ALPINE RESTURANT AT 7:00 PM EDT

There were twelve members and guests that showed up and they are listed below:

SPENCER & JANIE EDMONDS ALLAN PERNIGOTTI NELSON CARTER FRED PETERS

BOBBY JOHNSON DENNIS MARTIN ROY SMITH GENE GUTHAN BOB LOVE RICKY LANGSTON

PHILLIP WINNINGHAM

It was a low turn out and the area where we hold the meeting was packed with customers. This created a lot of background noise and made it very difficult to hear the proceedings. I talked with a couple of members on Thursday and they didn't know half of what went on at the meeting. I am the Secretary and supposed to take notes and record the proceeding. I had to get things repeated for the record. The recording sounds like a lot of noise with a few muffled voices thrown in. It is very hard to deal with. The club needs to deal with this before we end up with no one coming to the meetings. There would be a lot more interaction and discussion if we were in a quieter atmosphere, Now on to the meeting as I heard it.

Roy Smith our Vice President took over the meeting, as Ken could not make it. Roy officially opened the meeting at 1907 hrs.

Roy called the meeting to order and asked the Treasurer for the report. Gene read the report for July and Dennis made the motion to accept. It was seconded by Nelson and accepted by the membership.

Roy then called on the membership to accept the minutes of the last meeting to be accepted as received in e-mail or mailings. Bobby said we could not accept them, as there was an error about a vote on a new meeting place. Gene explained that he corrected that error the next day in e-mailings to all members, no mailings were sent. The minutes were accepted with the correction.

SPECIAL ANNOUNCEMENTS:

Dennis said that we had not received any confirmation on the Flyin sanctions for September and November At this time. The Flyin dates are Sept 19th and Nov 7th both one-day events. Roy is seeking his Contest Directors ticket so he can head up some Flyins in the near future. We only have three directors, Bobby, Dennis and Phillip. Bobby has said he does not want to do any more and Phillip already said he will not do the May 2010 Flyin. That leaves Dennis and Roy to take over the responsibilities.

COMMITTEE REPORTS:

Bob love reported that the field looks good and with the lack of rain we will not need to mow this week. Bob has supplied the field with fuel to keep the mowing going and the membership thanks him for that. Gene said that he had greased the Snapper spindles that Roy replaced and the other points as well. Gene got the hour meter running for the Snapper and ran up the time to match the Snappers present time. The clock is back on the mower and should be read before and after mowing for the records.

Gene asked about spraying the field this fall. Roy will check with the guy who treated it last spring to see what he suggests.

The field is in great shape and the results of the fertilizer and weed control can be seen.

Mowing schedule for the next three mowing weeks are as follows: Sept 3rd Bob and Allan, Sept 10th Gene and Spence, Sept 17th Bobby and Ricky. That will take us up to the next meeting.

OLD BUSINESS:

Except for the Flyin sanctions coming back, there was no offers for old business.

NEW BUSINESS:

Flyins were discussed; both flyins will be one-day events. We will serve hotdogs and hamburgers and drinks at both events. Bobby said he would supply the lettuce, tomatoes and onions, and some chili. Dennis will get the bread & rolls. Ricky will pick up the meat.

Dennis remarked that we need to get some flyers out to advertise the events, as AMA won't be listing them in the magazine.

Change of meeting place was shot down and next meeting will be at the Alpine restaurant on September 23rd at 7:00 PM.

CRASH AWARD:

List of crashes this month:

KEN: Yak 54, appears to have been a faulty servo reverser.

PAUL: Flying Kens ship, found ailerons locked, servo came unplugged.

RICKY: Crashed two no cause given.

RICHARD: Crashed one, no cause given.

As usual the one who wasn't there to defend himself was given the award, KEN MAHONEY for the YAK 54.

Dennis moved to adjourn and we did at 1930 hrs. It was a 23 min meeting in a very noisy environment.

GOD BLESS OUR CLUB & ITS MEMBERS,

Gene
